SUBJECT

Regarding the medical aspect of Venereal disease in the State

---

Sl. 9. No. 9. 122 Dt. 4.7.30.

To The Senior Surgeon in Mysore.

State that the matter may be over till September next.

24/7

General and Revenue Secretariat | Medl File No. 24 of 1929-30

Serial No.

1

Letter No. G.C 570-3 Dt. 17th July 1929 from the Secy Govt regarding the action taken on the report of the Delegates of the British Social Hygiene Council.

The original file of the Sanitary section calling for this report has been sent to the Chf Secy in another connection (D 765 Chf Secy 3/8/29) and a copy of the letter of 27.5.29 is put up for reference

HR

Item I

2) It is for consideration if the E.M.S now helping Dr Pattanna in his work may not be specially trained in this branch & posted permanently to the V.H as suggested by the Secy, Govt.

Item II

3) The Secy Govt has in this office letter No. G 1243/ Medl 279-28-2 Dt 29th July 29 been requested to expedite his proposals for extending the Venereal Ward in the V.H. they are awaited.

4) The other points raised by this G.O are for consideration orders

No 4 may perhaps be approved

Nos 5 & 6 require no orders. No 7. May be done by the Secy Govt on

9.8.29 No. 8. The cost involved by the proposal is not stated

No 9. Requires no orders.

No 10 _ Necessary instructions will have to be issued to Municipalities

9/ A Copy of the Synopsis has not been kept in the file for reference.

9/8.

6/ A copy is put up

JSM 21/8/29

7/ The recommendations of the Medical Delegate comprise the following main items

1. Appointment of a specialist in Venereal diseases, on the staff of the Senior Surgeon for directing operations in the treatment given in the Medl institutions of the State, and for general supervision and for the teaching of practical methods of diagnosis and treatment.

2. Provision of special facilities for the treatment of In and out-patients — both men and women — in the Victoria Hospital and the K. R. Hospital.

WD 01684—GPB—30,000—20-4-29

B

App. F. III—2]

General and Revenue Secretariat. Med File No. 24 of 1929

Serial No. 9

3. Special arrangements in the Maternity Hospitals at Bangalore and Mysore for the treatment of female Venereal patients and for the co-ordination of work in these Hospitals with that of the Child welfare centres

4. Providing a Compulsory Course in Venereal Disease in the Medical College curriculum extending over a period of 3 months.

8) In regard to (1) the S.S. does not think that any extensive work over the whole State is called for just at present necessitating the appointment of a specialist. He proposes to make a beginning in the Victoria Hospital under the guidance of Dr Puttanna who has had special training in the treatment of Venereal diseases, and gradually extend operations to other parts of the State. In order to keep Dr Puttanna in ~~in the [illegible]~~ the treatment of the diseases, the S.S. proposes that a S.A.S. may be specially posted to the Vict. Hospital for being trained & attached to the Hospl: for looking after male patients. For female patients, he thinks

NOTE—Contn. Sheet.

WD 01714—GPB—30,000—18-4-28

App. F. III—2]

General and Revenue Secretariat. File No. 22 of 192 9

Serial No.

that the lady S.A.S. will be enough, instead of appointing a separate lady resident Medl officer. These proposals may perhaps be approved.

7) With ref: to (2) the S.S's proposals about new out-patients departments are under correspondence and his final proposals are awaited. In regard to the allocation of in-patient beds, plans and estimates the provision for additional accommodation required, plans and estimates may be awaited. The question of appointing two trained male nurses for each of the male and female wards may perhaps be considered after the wards are ready for occupation.

8) In regard to (3), the suggestion of the S.S. to take up the question of building an out-patient Dept for Venereal diseases in the Maternity Hospital, Bangalore, after the construction of the proposed new Maternity becomes an accomplished fact may be accepted.

9) The Medical Delegate has recommended elaborate arrangements for the control of child welfare work,

NOTE—Contn. Sheet.

WD 01714—GPB—30,000—18-4-28

General and Revenue Secretariat. File No. 24 of 192 9

Serial No.

and also for its co-ordination with that ~~of the~~ work carried on in the Maternity. The S.S. however, does not consider such arrangements necessary. He is of opinion that it is sufficient if the Lady Health Visitor and the Midwives ~~are~~ directed ~~to refer~~ such Venereal cases as come to their notice, to attend the antenatal department of the Maternity for treatment.

(6) ~~All~~ Necessary arrangements are already in operation in regard to No. 4.

11) With a view to gradually extend the ~~free~~ facilities for the treatment of Venereal diseases to the Disbrict Hospitals, the S.S. proposes to post a batch of 4 Sub Assts: surgeons ~~for~~ to the Vict. Hospital for a period of 6 months and put them under Dr. Puttanna to attend an intensive course of lectures, the first 4 months on up-to-date methods of diagnosing and treatment of Venereal diseases and the remaining two months on laboratory technique as well as routine examination of blood, urine etc of Venereal patients. The idea is to post

Serial No.

them after placing one to each Dist Hospital for charge of Venereal work. As more Sub Asst: Surgeons become available, it is proposed to appoint them for charge of L. T. Dispensaries also. The cost of this arrangement is not stated. The S.S. also proposes an allowance of Rs 50/- per mensem to Dr. Pullenna for the addl work thrown on him. These proposals are also for orders.

(2) The S.S. also recommends that the Med: Stores should be authorized to supply salvarsan to the various institutions free of cost: He may be requested to state what the cost of such supply would be.

(3) His proposals regarding facilities for laboratory diagnosis may be accepted and he may be requested to take necy: action regarding the circulation of pamphlets explaining the procedure for taking specimens of blood.

Chief Secy)

(4) The suggestions of the Senior Surgeon are quite modest and acceptable.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE
MEDICAL DEPARTMENT.

Office of the Senior Surgeon in Mysor

No. G.C570-3.

Bangalore, dated the 1.7.29.

GENERAL BRANCH Rec'd 24-8-1929

Med 24-29-1

From

Dr.S.Subba Rao,B.A.,M.B.C.M.,M.R.C.S.(Eng)., etc.,
Senior Surgeon with the Government of His Highness
the Maharaja of Mysore, Bangalore.

To

The Offg.Chief Secretary to the
Government of H.H.the Maharaja of Mysore,
Bangalore.

Sir,

With reference to your letter No.G.14155-8/Sany.63-27-12, dated the 27th May 1929, about the action to be taken on the report of the Delegation of the British Social Hygiene Council, regarding the medical aspect of Venereal disease in the State, I have the honor to submit the following proposals for the consideration of Government:-

1. Appointment of a specialist in Venereal diseases:-
Dr.D.S.Puttanna who has had special training in the treatment of Venereal diseases, will look after this work in addition to being in charge of the Victoria Hospital. I would suggest the posting of a Sub Assistant Surgeon, for being trained by Dr.Puttanna, and later permanently posted to the Victoria Hospital, to assist him in this important work. Regarding the Lady patients, who may also have to be provided for, the Lady Sub Assistant Surgeon posted to the Victoria Hospital, will under instructions from Dr.Puttanna, be able to discharge this work, so that the appointment of separate female Resident Medical assistants does not appear to me to be necessary.

2. New Out-patients departments for men and women.
Detailed proposals with a plan and estimate for the construction of a New Out-patient dispensary for Venereal diseases, have already been submitted to Government with my letter No.C.3087-1, dated the 28th May 1929. Early sanction of Government may kindly be obtained for the proposal.

3. Allocation of In-patient beds for men and women.
The accommodation for men in Pavilions IX and X in the

P.T.O

15

in the Victoria Hospital is fairly adequate for the time being; and plan and estimates are being prepared by the Executive Engineer for the construction of an open air ward by the side of the IX Pavilion, which will give additional accommodation to all Venereal cases. Regarding women there is at present no accommodation at all. The large areas covered by the two hind domes of the Victoria Hospital and situated behind the Vani Vilas and Lakshmi Vilas wards, are subdivided by their partitions to serve the purpose of isolation chamber, pantry, bath and water-closets. These if converted into wards will accommodate about 10 patients each, and may be reserved for Venereal cases, the closets being removed elsewhere. Plans and estimates for this work are also being prepared by the Executive Engineer.

4. Two trained ward boys, may be appointed as trained Male Nurses for each of the two wards, at a cost of Rs.20/- each.

5. New Out-patient department in the Maternity Hospital, may be taken up when proposals for the construction of the New Maternity Hospital, are formulated.

6. Facilities for Laboratory Diagnosis. The Government Order relating to the levy of fees for Wasserman tests is quite reasonable, and the blood of poor patients is examined free of all charges. No more modification appears to be necessary in this direction.

7. Printed instructions about the procedure for taking specimens of blood for the wasserman reaction may be got printed, and circulated to all the medical officers and practitioners in the State, with a view to obtain correct results.

8. Free supply of Salvarsan. This appears to be quite necessary; and the Medical Stores may be authorised to supply Salvarsan to the various Institutions, for being kept there, and given free to poor and deserving patients.

9. Compulsory course in Venereal diseases:- A course in Venereal diseases has already been included under Surgery under the existing ordinances of the University.

10. Co-ordination of the work of Child Welfare Centres and Maternity Hospitals. The Elaborate scheme of the appointment of a Lady Superintendent and 5 or 6 assistants for this work does not appear to be

to be necessary at present. The Lady Health visitors and midwives available in the City Municipalities may, with advantage be entrusted with this work of directing such of the Venereal Cases as may come within their purview, to attend the ante-natal department of the Maternity for treatment.

11. The teaching of post-graduates:- This appears to be quite necessary; and, if the Government approve, I would suggest the posting of 4 Sub Assistant Surgeons in batches, to the Victoria Hospital, for a period of four months, and put them under Dr.Puttanna to attend an intensive course of lectures on the up-to-date methods of diagnosing and the treatment of Venereal diseases. I would also suggest their being posted for laboratory training for a further period of two months, so as to enable them to understand the Laboratory Technique in connection with these diseases as well as the routine examination of blood, urine, faeces, and discharges. After they have taken this course, I would propose their being posted permanently, one in each of the District Hospitals, which are gradually developing into up-to-date institutions, so that they may be in charge of Venereal work in each District Hospital, and also do the routine microscopic work in the Hospital. Later on when more Sub Assistant Surgeons are trained in this work, they may be posted to the more important Local Fund Dispensaries such as Sagar, Thirthahalli, Davangere, Saklespur etc

12. Regarding the supervision of this work in all the State Hospitals, there does not seem to be any urgent necessity at present. It is only when this work develops, that this question may be conveniently considered.

Lastly, as the giving of Lectures and Clinics etc., involves additional work to Dr.Puttanna, I would propose that he may be given an allowance of Rs.50/- per mensem.

I solicit early orders of Government.

I have the honor to be,
Sir,
Your most obedient servant,

S. Subba Rao.

FROM

S SUBBA RAO, ESQ., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,
*Senior Surgeon with the Government of His Highness the Maharaja of Mysore.*

To

*The* Chief Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

SIR,

With reference to your letter No. 4879 Med. dated the 5th October 1929, regarding the action to be taken on the report of the Delegation of the British Social Hygiene Council, I have the honour to invite kind reference to my letter No. G. 570-3, dated the 17th July 1929, and summarise the cost as follows:-

| | | Rs. |
|---|---|---|
| Para. 1. | The allowance to Dr. D. S. Puttanna for looking after the venereal work at Rs.50/- per mensem 50x12 | 600/- |
| | Pay of a Sub Assistant Surgeon to work under the Specialist 77 x 12 ... .... | 934/- |
| " 2. | Cost of the ~~construction~~ extension of ~~a new~~ the Out-patients dispensary for venereal ~~diseases~~ clinique, according to the estimate submitted with my letter No.C.3087-1 dated the 28th May 1929. ... | 7000/- |
| " 3. | (1) For constructing an open air ward between Pavilion IV and V in the Victoria Hospital, Bangalore. | 5245/- |
| | (2) Conversion of bath rooms on the first floor into Venereal Diseases Wards for women. | 3580/- |
| " 4. | Two trained ward attendants to each of the two wards at Rs.20/- each. 4 x 20 x 12. | 960/- |
| " 5,6 & 7. | Do not involve any additional cost. ... | |
| " 8. | For the free supply of Salvarsan for 400 Gonorrhoea and syphilitic cases per year, providing for 9 tubes of Neo-Salvarsan and 28 grms Bismuth for each patient at Rs.20- and Rs.15/- respectively. | 8300/- |

From this it will kindly be seen that the cost of the introduction of the scheme means an initial expenditure of Rs.15,825/- towards the construction of buildings and an annual recurring expenditure of Rs.10,794/- on establishment and other charges. The former will have to be met out of the Public Works Department grants, and as there is no possibility of meeting the latter from the sanctioned budget of the medical department for the current year, an additional grant of Rs.5,397/- will have to be sanctioned, if the scheme is to be introduced say from the 1st January 1929.

I solicit orders of Government.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao.

Senior Surgeon.

*Senior Surgeon with the Government of His Highness the Maharaja of Mysore.*

CHIEF SECRETARY 9 MAY 1930

To

*The* Chief Secretary to the
Government of Mysore, Bangalore.

SIR,

With reference to your letter No.G.12961/Med.24-29-6 dated the 2nd Instant, regarding the scheme for an Anti-Venereal Campaign, I have the honor to submit the following proposals embodying only the most urgent requirements for early orders.

| | | |
|---|---|---|
| 1. Extension to New Out-Patient department for men & women in the Victoria Hospital, Bangalore. | | Rs.7000/- |
| 2. Conversion of Bath Rooms upstairs into Venereal Disease Wards for women. | | " 3580/- |
| 3. Two trained Ward attendants to each of the two wards. | | " 960/- |
| 4. Free supply of Salvarsan etc., to indigent patients. | Lumpsum. | " 5000/- |

These constitute immediate requirements computed at minimum cost, when compared with the previous figures submitted by me, the initial as well as the recurring cost is lessened by Rs.5,245 and Rs.4,834 respectively.

I request that sanction may be obtained for these items at an early date.

I have the honor to be,
Sir,
Your most obedient servant,

S. Subba Rao
Senior Surgeon

SIR,

Vide letter Placebolow KD

Adverting to the correspondence ending with my letter No.G.C. 570-23 dated the 8th Inst, submitting a list of the most urgent requirements for the introduction of the Scheme for Anti-Venereal Campaign, I have the honor to forward a copy of Memo No.13565 dated the 9th May 1930 feceived from the Superintending Engineer, Mysore Circle, intimating that the conversion of the Lavatory rooms in the upstairs of the Victoria Hospital, into two wards, at an estimated cost of Rs.3,580/- will have to lie over for want of funds.

As this is one of the urgent requirements in connection with the introduction of the above scheme, I have brought this to the notice of Government for issue of such further orders as they may deem fit to pass.

I have the honor to be,
Sir,
Your most obedient servant,

S. Subba Rao.
Senior Surgeon.

SRA.

No.13564 dated 9-5-30 from the Superintending Engineer Mysore Circle, Mysore to the ExecutiveEngineer, Bangalore Division, Bangalore.

---

Improving the Lavatory of the Lakshmi Vilas and Vani Vilas wards in the Victoria Hospital at Bangalore and converting them into wards.

---

With reference to his No.963 dated 14-12-29, submitting for sanction an estimate amounting to Rs.3,580/- for the above work, has the honor to inform the Executive Engineer that the Chief Engineer observes no funds can be given for the work either this year or even next year. The work has therefore to lie over until funds can be made available.

The estimate is herewith returned for record.

---
